localisation & environnement:

Puerto de Pollensa with its coveted and popular beach promenade, is known for a very special and very well-known top real estate area: Paseo Vorammar, or "Pine Walk" in English, so named as the sea promenade is mostly lined with very old pine trees. Right on the seafront and with fun-filled sea - and harbour views, the promenade with its many apartments, as well as long-established residential estates, provides an incomparable living experience - pure sea! It should be also mentioned that the south facing bay of Pollensa has an absolute cult status with surfers and especially kite surfers.
