localisation & environnement:

Between Illetes and Portals Nous you can find the old part of Bendinat, an exclusively situated residential area with a nice little bay and beach. According to legend owes its name to King James I, who in the first days of the conquest of Majorca, after have a simple dinner of bread with garlic, declared: "be hem dinat", in english "we've eaten well". Bendinat Castle was built by the Marqués de la Romana in the XIX. century. Its style is neo-Gothic with European reminiscences and is situated between the old road and the west motorway. It is also worth pointing out the Golf Club, which together with a select residential area, represents one of the most elegant points in the municipality.
