description:

This authentic Mallorcan manor house, dating back to 1852, has been partially renovated and offers numerous possibilities for realizing a personal dream home—a spacious family residence with potential for agricultural use. The buildings are structurally sound and in good condition; the ground floor is currently habitable. The built area comprises the two-story main house (700 sqm), former cattle stables (712 sqm), a garage, and several other outbuildings. The current owner holds various cost estimates and project plans for different modernization options. A certificate of occupancy for 12 people is currently in place. The estate features expansive fields and shady woodlands. A fantastic investment opportunity at a fair price.
